# COMPACT ELEGANCE

When designing for a condo, powder room, or tight space, we know the importance of balancing maximum functionality with minimal square footage. Our compact vanities are made with space-saving features like handle-less doors, plus storage-maximizing features like full-depth drawers. We offer floating vanity designs for more floor space and a spacious feel.

Our compact designs come in a range of styles and dimensions, ensuring you'll find something for even the tightest corners and trickiest of layouts.

A twist on the classic pedestal sink. A full-size bowl is paired with a narrow base cabinet—for added storage without sacrificing floor or sink space.

# MODERN & MINIMAL

Sleek, sharp, and minimalist, our modern vanities are more than meets the eye. They're as functional as they are beautiful, with soft-close doors for peace and quiet, extra-deep drawers for storing bottles and supplies, and durable painted finishes that withstand the trials of daily use.

# TRANSITIONAL & TIMELESS

Classic colours and styles are at the heart of our transitional collection, with shaker doors in shades of white, grey, and dark brown. Our furniture-style legs, arched panels, and added door detailing brings a touch of old-world charm to your home without sacrificing a current feel. With our wide range of sizes and configuration options, there's truly something for any bathroom.

Our transitional collection is the ideal choice for an enduring space you'll enjoy for years to come—complete with a little bit of *magick*.

# MODERN FARMHOUSE

Charming and inviting, our modern farmhouse vanities bring a rustic coziness to your bath or powder room. Natural materials and finishes come together with unique features like barn doors, apron-front sinks, and textured surfaces.
